IRN – Grip™

IRN – Grip: a two component heavy duty non-skid Epoxy coating. A high performance coating ideal for industrial, commercial, marine, and other applications. IRN – Grip helps to provide slip resistance in wet and slippery conditions. Ideal for both new and old concrete surfaces, as well as metal and wood interior and exterior surfaces. Depending on the application, you can use a squeegee or trowel to get a smoother, less aggressive profile. Rolling the product with a phenolic core roller will give you an aggressive finish. This product meets USDA requirements. *Note: this product may chalk or discolor when used as an exterior finish coat..

Product Uses:

IRN – Grip Excellent as a non-skid for warehouse floors, aisle-ways, parking decks, platforms, concrete slabs, bridges, loading docks, ramps, exterior walks, steps, production areas, garages, seafood processing areas, canneries, meat packing plants, bottlers, poultry plants, chemical plants, paper mills, schools & public institutions, theme parks, wineries, marinas, ships and work boats, machine shops, oil refineries, water treatment plants, breweries, floors, stadiums, and wash down areas.

****For UV exposed areas it is recommended that it be top coated with: IRN – Urethane.***
